SUPER PRIZE WHEEL

Game Options:

Choose from one or more of the following or give us a call to develop a custom Super Prize Wheel promotion to fit your needs.

Spin \$X. Win \$Y (ex: Spin \$1,000. Win \$1,000,000.)

Just as the name says, contestants spin the wheel three times. If they accumulate \$1,000, they win \$1,000,000 (or any other amount insured by Odds On's prize insurance). Or, they win what they accumulate. This game is easy to understand and allows you to fix your budget within tight parameters.

Spin 'Til You Win

This wheel game will build suspense and excitement by keeping your contestants spinning for 5-10 minutes. Contestants spin the wheel containing three different prizes until they land on the same prize five times and walk away the winner of that prize. Grand prizes paid for by Odds On's contest insurance, of course! This is a great game to give away cash and/or prizes such as cars, trips, and gifts.

Add'em Up (non-insured)

Use this game daily to maximize a limited budget and/or qualify contestants for a big weekend spin or grand finale promotion. Simply give contestants 2-5 spins, the software and LCD will add up their results, and announce what they have won.

Head-to-Head Spin Off (non-insured)

Who doesn't love a little competition? Give two or more contestants the chance to compete for cash and prizes with a "Head-to-Head" Spin Off. Perfect as a midweek traffic driver or to add excitement between insured promotion dates, contestants spin off head-to-head for prizes based on who has the highest total score at the end of the game. Game software tracks which contestant is spinning, the amount of money they have won (or their score), and will "Congratulate" the winner at the end.
